Construction Youth Trust

Construction Youth Trust is a charity helping disadvantaged young people in England and Wales to build better futures by giving them access to training, education and employment opportunities in construction.

Willmott Dixon Interiors

Willmott Dixon Interiors (WDI) are the specialist arm of the Willmott Dixon Group, experienced in delivering high quality interior fit-out and refurbishment. WDI are proud sponsors of the CYT's Budding Builders Course which offers unprivileged young people the chance to gain qualifications in Health and Safety to pursue a career in construction.

"We make a living by what we get, but we make a life by what we give"

You will benefit too...

This is not only a fantastic opportunity to transform the lives of disadvantaged young people but also a fantastic way to scout talented individuals for your business, now and in the future.

With a current shortage of skilled talent for the industry, this is a fantastic opportunity to meet with dedicated and enthusiastic individuals who have completed voluntary training and are keen to work for companies like yourselves.
